

21st ICC Congress

INTERCORR
ABRACO 2020

THE WORLD
CORROSION
ORGANIZATION

The **21st INTERNATIONAL CORROSION CONGRESS & the 8th INTERNATIONAL CORROSION MEETING**, organized by the **Brazilian Corrosion Association (ABRACO)** and the **International Corrosion Council (ICC)** and the **Institute of Technological Research of the State of São Paulo (IPT)**, will be held from May 10th to the 14th of 2020 in São Paulo - Brazil. The congress will offer exciting opportunities for sharing and exploring new ideas, research and issues on science and technology of corrosion and corrosion control as well as to promote network opportunity especially among government, academy and industry. The technical program will include plenary and keynote lectures, oral presentations and poster presentations organized by distinguished experts.

The congress will include a workshop on “Corrosion and Green Energy” organized by the World Corrosion Organization (WCO). It will increase the public awareness that corrosion and corrosion control is a key issue also in green energy production, transportation and storage. This workshop will respond to the new challenges and opportunities for corrosion science and engineering.

An exhibition will also be organized in parallel with the technical program and will feature the latest in corrosion control products and services. Added to the conference program, there are plenty of social opportunities. A welcome reception, a congress banquet, optional tours and sports programs will be offered to all attendees and their accompanying people.

Abstract Submission

Prospective authors are invited to submit abstract(s) of 250 to 300 words (**no more than one page**) or extended abstract (**no more than three page**) in English with the subject title, author name, position title and affiliation name. Abstract should be submitted on <http://www.icc-congress2020.com> by December 200th, 2019

Topics

Corrosion in Oil & Gas Industry	Corrosion Management and Monitoring
Atmospheric Corrosion	Corrosion and Scale Inhibitors
Corrosion of Archaeological and Historical Artefacts	Mechanically Assisted Corrosion
Microbiological Corrosion	Corrosion Resistant Materials
Corrosion of Civil Engineering Structures	Cathodic Protection and Anodic Protection
Electrochemistry	Metallic and Inorganic Coatings
Corrosion of non-ferrous metals	WCO corrosion and green energy

Important Dates

Abstract or extended abstract submission	November 30 th , 2019
Notification of Acceptance of the abstract or extended abstract	January 20 th , 2019
Extended abstract or full paper submission	February 28 th , 2020
Notification of Acceptance of the extended abstract or full paper	March 31 st , 2019

Honorary Chairman

Prof. Oscar Rosa Mattos – UFRJ | BRAZIL

Executive Committee

President	Prof. Zehbour Panossian – ABRACO/IPT BRAZIL
1st Vice-President:	Prof. Günter Schmitt – ICC GERMANY
2nd Vice-President:	Prof. Emma Angelini – ICC ITALY
3rd Vice-President:	Dr. Olga Baptista Ferraz – ABRACO/INT BRAZIL

Secretary General

Katia Aguiar (ABRACO | BRAZIL) coordenacao.eventos@abraco.org.br

Organized by

Brazilian Corrosion Association (ABRACO)

International Corrosion Council (ICC)

Institute for Technological Research of the State of São Paulo (IPT)
